From Your Council Member

Dear Residents of District D,

As we approach the end of the year and reflect on our past four years together, I am filled with immense pride in our journey through District D. This period marks a significant moment in our community. In my interactions across the district, I've had the honor of meeting many of you, hearing your stories, and understanding our shared challenges. These encounters have

profoundly deepened my commitment to serving our community with even greater dedication.

Yesterday, we experienced a procedural step in the City Council, involving an important ordinance for our Public Works department. This ordinance, which will be revisited for a vote next week, is essential for bringing about substantial improvements in our services. It represents a key part of our ongoing efforts to enhance the quality of life in District D. While this procedural step has briefly delayed our vote, it has not dampened our enthusiasm or commitment to making positive changes in our community.

From nurturing our young leaders to supporting local businesses like Alfreda's Soul Food, every initiative we undertake is a step towards building a stronger, more vibrant community. We remain focused on public safety, community engagement, and ensuring accessible transportation.

As we look to the future, I am more committed than ever to continue advocating for you, ensuring that District D remains a district of destination – a place where progress and community thrive together. I am motivated to uphold the trust you've placed in me as your Council Member.

Thank you for your continuous support and trust in my service.

Warm regards,

Councilwoman Dr. Carolyn Evans-Shabazz

Spotlights & Tributes

Meet BJ Holmes

In the festive spirit of December, our Community Angel Spotlight beams proudly on BJ Holmes, a figure who embodies the joy and unity of the holiday season. BJ's journey with the Houston Parks & Recreation Department, spanning an impressive 34 years, has been marked by unwavering dedication and remarkable achievements.

BJ's ascent from a part-time role to overseeing seven community centers, including Sunnyside, Godwin, Alief, Marion, Stude, Fonde, and Judson Robinson Jr., is a testament to her exceptional leadership and commitment. Her ability to forge meaningful partnerships has greatly enriched our District D community, linking Houston Parks with numerous organizations and enhancing the lives of those we serve.

Even in retirement, BJ's passion for community service has not dimmed. She has been the driving force behind the Third Ward's and Judson Robinson Jr. Senior/Adult Line Dancers, a group that has added vibrancy and energy to various events throughout the year. These free line dancing classes, coordinated by BJ since 2007, are more than just a fun activity; they are a hub for socializing, staying fit, and enjoying the camaraderie that defines our community.

As we celebrate this holiday season, let's take a moment to appreciate the extraordinary contributions of BJ Holmes. Her dedication to keeping our community moving, grooving, and socially connected is a gift that keeps on giving. BJ Holmes, our Community Angel, continues to be a beacon of light and joy in District D.

Remembering Laurence "Larry" J. Payne

District D and the wider Houston community mourn the loss of a truly exceptional leader, **Laurence "Larry" J. Payne**. Larry's unwavering dedication to public service and his unique ability to unite people from diverse backgrounds were hallmarks of his remarkable career. He collaborated effectively with a wide range of stakeholders, including elected officials, non-profits, businesses, and educational institutions, significantly contributing to the well-being and progress of our community.

A notable highlight of Larry's illustrious career was his role as the chair of the 2002 NAACP National Convention in Houston. This pivotal event was not just a success in terms of organization and attendance; it was instrumental in shining a spotlight on the challenges faced by the African American community, fostering a national dialogue on social and economic equity.

Moreover, Larry's leadership as the Chair of **Mayor Sylvester Turner's** Task Force on Policing Reform was instrumental in shaping a more just and inclusive police force. His deep understanding of community policing principles was key in enhancing the relationship between law enforcement and community members, a legacy that continues to benefit our city.

The impact of Larry Payne on District D and beyond was profound. His visionary approach and commitment to bridging divides have left an indelible mark. While we deeply feel his absence, Larry's spirit and the path he charted remain guiding lights for our collective efforts towards a more united, just, and prosperous future.

District D Updates

The 74th Annual Houston Thanksgiving Day Parade

The 74th annual Houston Thanksgiving Day Parade was an exceptional event that resonated with Houstonians citywide, particularly highlighting the spirit of District D and the esteemed **Texas Southern University**.

Councilwoman Dr. Carolyn Evans-Shabazz, along with her Council Colleagues, participated vibrantly, adorning a festive float that reflected the community's energy and spirit. Despite the rain, the parade became a jubilant celebration, marked by colorful floats and uplifting music, uniting people from all over Houston.

A major highlight was the exhilarating performance by Texas Southern University's Ocean of Soul marching band, a source of immense pride for District D and a high point of the parade. Mayor Sylvester Turner, in his role as the grand marshal and marking his final year as mayor, shared a heartfelt

message of thanks to the city, adding a meaningful dimension to the festivities. This parade was not just a Thanksgiving tradition, but a vibrant display of the unity and shared spirit of all Houstonians.

Greenways Enhancing Our Community: District D Welcomes Sims Bayou Expansion

The recent expansion of **Sims Bayou Greenway** heralds a new era of urban green space and connectivity for District D, celebrated with a special ribbon-cutting event. The ceremony, led by **Beth White** of the Houston Parks Board, showcased the collaborative effort behind these significant additions to our district's landscape.

Council Member **Carolyn Evans-Shabazz**, along with Mayor Sylvester Turner and Council Member Robert Gallegos, emphasized the importance of these new segments in enriching the quality of life for District D residents. Their speeches highlighted how these developments not only beautify our neighborhoods but also promote health, wellness, and community cohesion.

Chris Carroll from the Houston Parks and Recreation Department, Sonny Garza of the Gulfgate Redevelopment Authority/TIRZ 8, and Paul Lock from CenterPoint Energy were recognized for their pivotal roles in realizing this vision. Their contributions underscore a collective commitment to creating accessible, sustainable, and enjoyable outdoor spaces in our community.

These enhancements to Sims Bayou Greenway represent more than just pathways; they symbolize District D's dedication to fostering a greener, more interconnected urban environment. As these trails open up new avenues for recreation and transport, they also weave together the fabric of our community, connecting people and nature in meaningful ways.

As District D continues to thrive, these greenway expansions stand as a testament to our collective effort in building a more vibrant and sustainable future for all residents

Councilwoman Dr. Carolyn Evans-Shabazz Applauds BMI's Young Leaders

The Beatrice Mayes Institute (BMI) was abuzz with excitement on November 30, 2023, as it hosted the Character Building Ceremony, a pivotal event for the young leaders of District D. Councilwoman Dr. Carolyn Evans-Shabazz, in her empowering address to the student body, expressed her deep pride and honor in engaging with these future leaders. Her presence and words

underscored the importance of their commitment to leadership and community service.

This ceremony was a special occasion, not just for BMI but for the entire District D community, as it celebrated the induction of the new student council. The council, led by President Amaryah Lewis-Longoria, Vice President Kayden Ferbos, and their peers, demonstrated the essence of young leadership and the potential to positively shape their environment. Councilwoman Evans-Shabazz commended these students, including Recording Secretary **Lou Gill**, Corresponding Secretary **Kaliyah Babino**, Treasurer McKenzie Ford, Parliamentarian Aaron Roberson, Historian Kenneth Blackmond, and representatives from each grade, for their dedication. These young individuals, through their roles and actions, not only bring immense pride to District D but also serve as inspiring examples of the positive impact youth can have in their communities.

District D's Good Neighbor Program: Fostering Community Strength and Opportunity

Under the leadership of Councilwoman Dr. Carolyn Evans-Shabazz, District D has seen the remarkable success of the Good Neighbor Program. Initiated in partnership with the Department of Neighborhoods and Career Recovery Resources (CRR), this program has been a true embodiment of community support, providing free lawn care services to 41 residents, encompassing seniors, veterans, and disabled community members.

More than just a service initiative, the Good Neighbor Program has been a catalyst for employment within District D. By collaborating with CRR, it has opened avenues for local residents to gain essential work experience, fostering both their personal and professional development.

Councilwoman Evans-Shabazz's commitment to the community is further reinforced with the recent allocation of \$6,000 to this program. This funding is a testament to her dedication to not only maintaining but also expanding this valuable service. The Good Neighbor Program stands as a symbol of our district's resilience, unity, and continuous growth, mirroring the Councilwoman's vision for a thriving and interconnected community.

Complete Communities Update

We are thrilled to spotlight the Fall 2023 participants of the Complete Communities Initiative from District D. This program is a testament to our commitment to fostering inclusive, well-rounded growth across our neighborhoods. These individuals have shown outstanding dedication to enhancing our community:

- **Aliyyah Bey**
- **Desmond Davis**
- **Cecilia Lee**
- **Victoria Spring Luddington**
- **Celene Vasquez**
- **Leroy West Jr.**

Their contributions are vital to our ongoing efforts to build a more connected, resilient, and vibrant District D. We extend our heartfelt congratulations and look forward to the positive impact they will undoubtedly bring to our community.

Collaborative Efforts for Water Bill Reform: 9 Key Ordinances and District D's Role

As a steadfast advocate for District D, Councilwoman Dr. Carolyn Evans-Shabazz has been instrumental in responding to Houston's water bill crisis. Working in collaboration with Mayor Sylvester Turner, who has proposed nine vital ordinances to ease the burden of high water bills, Councilwoman Evans-Shabazz has taken a leadership role in ensuring these changes directly benefit our community. The ordinances include:

- Removing the restriction on assistance for multiple water leaks.
- Promoting the repair of private leaks.
- Increasing credits for excess wastewater charges.
- Introducing discounts for opting into electronic billing.

Crucially, Councilwoman Evans-Shabazz, with Councilmembers Amy Peck and Mary Nan Huffman, introduced a key amendment within these ordinances. This amendment, particularly relevant to District D residents, ensures no residential customer is billed retroactively for more than three months. This significant change, now possible due to Proposition A, reflects Councilwoman Evans-Shabazz's dedication to protecting and advocating for the interests of our community.

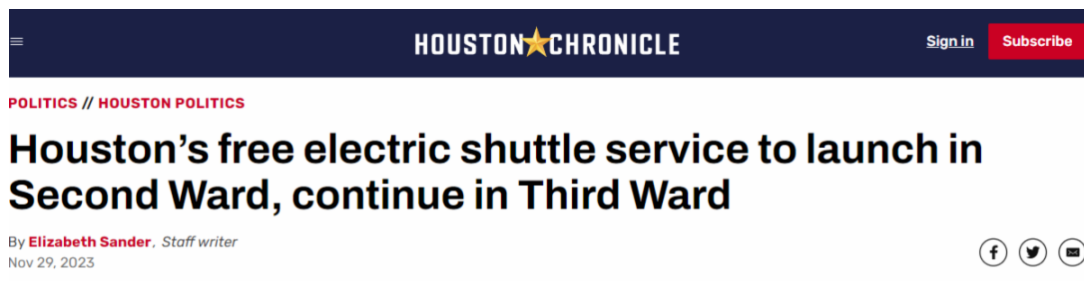

For more details on these ordinances and the essential amendment championed by Councilwoman Evans-Shabazz, please visit. This is a pivotal moment for District D, and your informed participation is invaluable
